IN RE: Tri-City Christian School High School Building and Athletic Field Project

Dear Rick:

### Tri-City Christian School Thanks God for you and your team!

In September 2012 after almost 30 years of research and prayer Tri-City Christian School was given a fantastic opportunity and a daunting challenge. We had an opportunity to consolidate our two campuses in a very short time period. We had to go through the Planning, CEQA, Building Permits, and Construction, but had barely started this complicated process. After doing some research, planning and prayer we decided to move forward with our long term dream of having all of our students on one campus.

Shortly thereafter God brought you to Tri-City to help us through our "challenge" and our need to have a home for 300 Secondary students by August, 2013. Your design, coordination and research skills were critical to our project. We are exceedingly pleased and thankful to report that we were able to open school on-time August 28, 2013 in our temporary facilities, and move into our first phase of our Permanent Facilities on January 6, 2014.

On behalf of the Tri-City Christian School Board, Administration, staff, students and families we **thank** you for making our project a reality. We pray for all of God's blessings for you, and your associates.

Gratefully,

  
 John + Carrie Clark Gilbert
   
 Raquel Puleo Bob Kanner
   
 Julie Pittman
   
 Mike
